**FAS-TRAC III SWEATBAND ACCESSORY**

10153518

- For use with MSA Fas-Trac® III Suspension  
- Optional, moisture-wicking and washable  
- Can be attached/replaced while suspension is assembled in helmet  
- Sold ONLY in packages of 10

WARNING

Use only the indicated MSA suspension in your MSA helmet. Do not mix suspension sizes and helmet sizes (i.e., putting a standard sized suspension in a large helmet or any other mismatched combination). Do not use competitor suspensions in MSA helmets. Inspect your suspension frequently. Suspensions should be replaced every 12 months, regardless of inspection results. Replace immediately (along with the helmet), if an impact has occurred. Failure to follow these instructions will reduce the energy absorbing ability of the protective helmet to receive impact, and could result in serious injury or death.

Please contact MSA Customer Service at 1-800-MSA-2222 for details about SmoothDome Caps or other head protection or helmet accessory products. You can also visit us on the web at MSAsafety.com.

1Select SmoothDome Caps meets the voluntary standard for hi-visibility as prescribed by ANSI/ISEA Z89.1-2014. Look for the official hi-visibility marking [HV] on the helmet’s ANSI label.
